The Ohio Department of Health made changes with the Surety Bonds for 2018. The bonds are now single page bonds. There are still two Installer surety bonds: (1) for multiple system installations and alterations, and (2) for single system/small flow installations or alterations. Be aware that if going from a single system installer bond to a multiple system installer bond, new surety bond paperwork (with original signatures, seal, and power of attorney) shall be submitted to the Ohio Department of Health showing the change in status of the bond coverage.
