

**STANDING ORDER  
FOR: PROJECT DAWN NALOXONE DISTRIBUTION**

Morrow County Health Department staff who have received and documented train-the-trainer training through a Project DAWN training site may provide community-based overdose education and training, and distribute Project DAWN Naloxone kits, one per training participant, according to program guidelines, and following program policies and procedures.

Project DAWN kits shall include:

1. Two prefilled 2 mg naloxone syringes
2. Two mucosal atomization devices
3. A mouth-to-mouth resuscitation device
4. A pair of large nitrile gloves
