STANDING ORDER
FOR: PROJECT DAWN NALOXONE DISTRIBUTION PROGRAM MANAGEMENT

Morrow County Health Department Director of Nursing/Project DAWN Program Manager, and designated Clinic staff who have received and documented train-the-trainer training through a Project DAWN training site, may monitor temporary storage of Project DAWN Naloxone kits at the Morrow County Health Department Clinic for distribution to participating Project DAWN community-based education and training sites; and provide oversight to participating Project DAWN community-based overdose education and training sites, according to program guidelines, and following program policies and procedures.

Project DAWN kits shall include:

1. Two prefilled 2 mg naloxone syringes
2. Two mucosal atomization devices
3. A mouth-to-mouth resuscitation device
4. A pair of large nitrile gloves

Date

Thomas E. Freundlich M.D., Medical Director
